f) **Event Date:** 22.05.2023

g) **Event Description:** For welfare of people in project affected areas of Jayant, C.S.R department organized a free eye checkup and spectacles distribution camp. Around 250 people from surrounding villages and wards of the Jayant area registered for the eye camp and got themselves checked.

People from various age-groups consulted ophthalmologists for various eye issues.

According to several studies, Indians are at greater risk of developing diabetes and glaucoma related vision issues including total blindness. Therefore, it is essential that eye disorders are identified early and the appropriate preventive measures are implemented on time in order to stop the numbers from rising.

Keeping this in mind, such eye camps become important for the overall well-being of people. Early detection can reduce the harm and prevent the cataract issues faced in later stages of life.
