With this collaboration, five PSA oxygen plants of 1500 LPM capacity will be set up in medical colleges operating at Bhopal, Indore, Rewa, Jabalpur and Sagar. This

initiative of NCL will strengthen the state's campaign against Covid. Along with this, the company has also given an assistance of 1.75 crore for the establishment of an Oxygen Generating Plant at AIIMS, Bhopal for the treatment and rescue of patients suffering from Covid-19 from its CSR item.

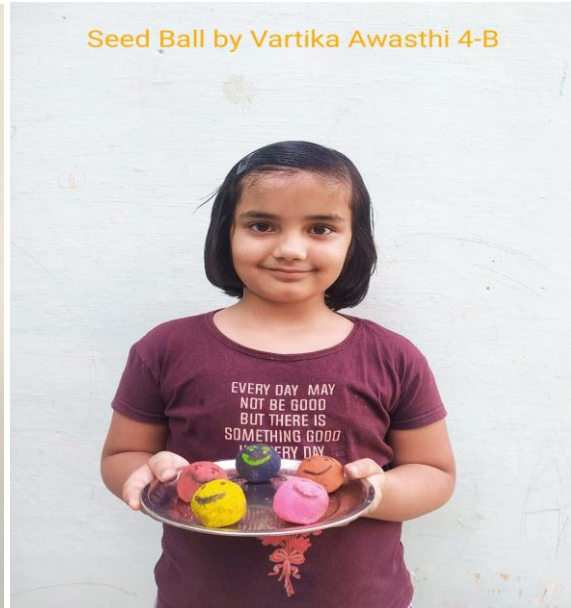

## 5) SECL

Area- Jamuna Kotma

Activity: - Organization of Seedball initiative for students of Kendriya Vidyalaya, Jamuna Colliery, Dist. Anuppur

Seed balls are an ancient way for spreading seed plants with cultivation instruments such as a plough, without exposing the soil. Seedballs can be as effective as ploughing or boiling, so that they can be manufactured by everybody in the world with access to clay, soil and seed. In view of the covetous situation and the closing of schools, an initiative was developed to raise awareness of environmental conservation by students from Kendriya Vidyalaya, Jamuna Colliery and to use the seed ball technology to protect our environment.

Students participated with complete enthusiasm in this poster competition.

## NLCIL

Webinar on 'Myths and Realities of Covid-19' for all NLCIL employees and their families for creating awareness as advised by Ministry of Home Affairs, Govt. of India by following the preventive measures as maintaining social distancing, wearing of Mask etc. and use the Webroom link.

**What can I do to prevent the virus from changing?**

SARS-CoV-2 can only replicate in our body. If we prevent infections, we can not only bring down hospitalizations and deaths, but also prevent emergence of new variants

1. Wear a mask      2. Maintain physical distancing      3. Wash hands regularly      4. Take your vaccine shots

Let us follow these simple steps to fight the coronavirus.

## SCCL Report-Azadi Ka Amrut Mahotsav

### Environmental Awareness Week

The 12<sup>th</sup> week of Azadi ka Amrut Mahotsav was scheduled for “Creating awareness against Tobacco” in period between 30.05.2021 to 05.06.2021. However, the program is changed to “Environmental Awareness Week” due to coincidence with World Environment Day.

The program was inaugurated by Sri D. Satyanarayana, Director (E&M) at the corporate office. Addressing the gathering he highlighted the SCCL efforts to reduce pollution by installing solar power plants, plantation in and around the mines. He also advised to contribute each individual to protect the nature. Environmental pledge was administered to the employees on the occasion. The Environmental Awareness Week was also celebrated throughout the company.
