Mine Closure Planning

Let us recall

Planning = Allocation of resources (men, material, machines, money and methods) in space-time domain to optimally accomplish a desired goal

Mine Closure Planning may

- either be integrated with the task of mine planning and design
- or it may be undertaken separately prior to commencement of mining operations keeping in perspective the mining plan.
- The Mine closure plan, particularly the **progressive closure** components, must have perfect conformity with the mining plan.

e) Event Date : 03.12.2021

f) Brief about the Event :

In commemoration of 75 years of India's Independence, CIL (Hq) Environment Dept. as a part of "Azadi ka Amrut Mahotsav", organised the 4th Seminar on 03.12.2021, through virtual mode, which was moderated by Shri RP Dash, Chief Manager (Env/M) in presence of Shri Shankar C S , General Manager (Env) CIL.

The purpose of the webinar is to update the knowledge on the best practices and latest trends related to "Environment and Sustainability" practiced globally.

The title of the seminar was "**Implementation of Mine Closure Activities in Coal Mines**".

The resource person was Dr. Gopal Chandra Roy, who possesses a rare combination of academics and industrial experience, at present teaches in IIST, Shibpur Kolkata.

The seminar was a grand success, wherein the resource person explained the Basic concept of Mine Closure Plan and related MoC guidelines, etc. The various inputs on Environment management for better implementation of mine closure plan along with allocation of funds for various activities covered under mine closure activities were also discussed in the webinar.

The resource person also discusses the implementation and reimbursement part of the Mine closure plan citing examples from BCCL mines.

More than 70 executives belonging to all producing subsidiaries of CIL, CMPDI and NEC participated in the webinar through 60 web links points.
