- b) Event Type – Public Participation
- c) Event Mode – Offline
- d) Event Photographs –

- e) Event Date –
- f) Brief Description of Event - Continuing with the Azadi Ka Amrut Mahotsav celebrations in BCCL, under the “Achievements @ 75” theme, a study visit was organized by team of BCCL for PG students of Zoology, Life Sciences and Environmental Science & Disaster Management Departments of Binod Bihari MahatoKoylanchal University (BBMKU), Dhanbad to Parasnathudhyan, Katras Area. Parasnathudhyan has been developed on an OB dump site by BCCL which has now been transformed into a green piece of land from previous barren OB dump. Many species of native flora and fauna now thrive in the park. This is a prime example of how tireless efforts by BCCL has restored a degraded mined out land. This park has become a place of attraction and recreational activities for locals. Students were explained about the mining operations and restoration of degraded mined out Areas by BCCL and establishment of eco-parks. Students carried out activities like identification of flora and fauna that have been established at the site. The visit has increase their interest in land restoration and encouraged students to take up the research studies related restoration of degraded lands. Dr.Navita Gupta, HoD Life Sciences, Dr. L.B. Singh from Zoology Dept., Dr. S.K. Sinha, Dean Science, co-ordinated and accompanied the students along with officers of BCCL from Environment and CSR Dept.
