b) **Event Type:** Internal

c) **Event Mode:** Offline

d) **Theme:** Ideas@75

e) **Event Photographs:**

f) **Event Date:** 23.08.2022

g) **Event Description:** For better penetration of healthcare services in India, training of medical professionals is extremely crucial and essential to benchmark learning and bring uniformity to patient experience. A hospital management system promotes communication between providers and patients and improves patient experiences. The frequent interventions and connected care enabled after patients' hospital discharge to post-acute care reduces the risk of readmission. The doctor's patient ratio is facing a downfall as well as the quality of the practitioners is at a breakdown. Indian Institute of Coal Management (IICM) in association with the All India Institute of Medical Sciences (AIIMS), New Delhi is organising a five week Hospital Management and Administration Program at its campus in Ranchi, Jharkhand.

Doctors and medical executives from Coal India and its companies are undergoing training by health experts from AIIMS, at the program.
