- b) **Event Type:** Internal.
- c) **Event Mode:** Offline
- d) **Theme:** Ideas@75
- e) **Event Photographs:**

f) Event Date: 09.09.2022

g) Event Description:

Discussion/Lecture on sustainability measures was organized on 09.09.2022. One to one discussions were carried about different environmental threats and ways to ameliorate it. One such method to check soil erosion is afforestation. It is the establishment of a forest or stand of trees in an area where there was no forest. As plant roots hold the soil, Afforestation prevents soil erosion and enables better retention of water. Plantation drive was conducted in Johila area. Along with this, Pali mine, Vindhya mine, Kanchan of SECL Johila area OCM, with Naurozabad mine, Umaria mine, Pipariya mine at Regional Headquarters. Tree plantation work was done. In which 500 trees were planted in total. Plantation is a regular activity being carried in different areas of SECL.

Mahanadi Coalfields Limited (MCL) organized a Jute bag distribution drive from 10-15.09.2022 for creating awareness on avoiding single-use plastic among employees of MCL HQ, local contractual workers and local people. Till now 2,000 nos. of Jute Bags have been distributed. This will help in enhancing the aesthetics of MCL HQ colonies (Jagruti Vihar and Anand Vihar) and nearby villages as it will contribute in controlling single-use plastic pollution. Benefits of using jute and cloth bags is that these are Reusable, Environmentally friendly, Do not require maintenance, 100% bio-degradable and recyclable, Cost effective and cheaper than plastic and paper bags, Strong and can carry more weight as compared to promotional carry bags. Such initiatives carried over a period of AKAM week's surely will bring some behavioral change.

DON'T BE AFRAID OF CYBER ATTACKS BE CAREFUL AND AWARE

- As you are online, so are the bad guys.
- Security is not just computer science-it's a mindset.
- The only firewall that protects against cyber criminals is your brain.
- Think before you click.
- Don't use the same PASSWORD for everything.
- The data is your power, and it needs to be protected.
- Your PASSWORD is the key to your digital life. Keep it safe.
- Secure your clicks. Secure your business reputation.
- Be an active participant in cyber security. What are you doing to ensure yours?
- Make your PASSWORD as strong as possible.
- Don't Share your PASSWORD – NEVER
- Change your PASSWORD on every 45 days
- Don't use the same PASSWORD for everything.
- In a world that's built on technology, nothing is more important than security.
- Always question the things you do online and make sure your internet security is up to date.
- Cyber security is not just an IT issue. It's a business issue.

Cyber Awareness Day

साइबर जागरूकता दिवस

g) Brief Description of the event : The two most important growth parameters that determine the strength of cybersecurity infrastructure are security and sustainability. Coal India Ltd. celebrated the monthly 'Cyber Security Jagrukta Divas' at its headquarters in Kolkata. Cyber Jagrukta Divas is a government initiative that has been brought under the I4C scheme to raise cybersecurity awareness among public sector undertakings (PSUs), panchayat raj institutions (PRIs), universities, schools, etc. The exact guidelines relayed by the Home Ministry are that the above-mentioned institutions must carry out an awareness campaign on the first Wednesday of each month for at least an hour. A brochure was published on the occasion to create cybersecurity awareness and it put special emphasis on the basic protocols of cyber hygiene. It was distributed among the employees.

CELEBRATING 75 YEARS OF INDIA'S INDEPENDENCE

SCCL Report - Azadi Ka Amrut Mahotsav

Week 79 (from 05.09.2022 to 11.09.2022)

Health awareness programme on seasonal diseases

* * *

"Health awareness programme on seasonal diseases" was organized as 79th Week of Azadi Ka Amrut Mahotsav instead of scheduled programme i.e. Awareness seminars, Essay & painting competitions on water use and conservation methods on Drink Clean theme in schools of nearby areas.

The above programme was organized from 05.09.2022 to 11.09.2022 in all areas of SCCL to create awareness among all employees about seasonal diseases during rainy season by drinking polluted water and lack of cleanliness around residences in the colonies.

At Corporate Area, "Health awareness programme on seasonal diseases" was organized at Civil Department and Health Officer Dr. Arundhathi addressed how to overcome waterborne diseases. She told that each year, waterborne diseases afflict millions of people, primarily those drinking contaminated water in developing and poor countries.

Waterborne diseases are illnesses caused by microscopic organisms, like viruses and bacteria that are entering through contaminated water. Of the seven most common waterborne diseases in the world, diarrhoea is the most common. These diseases will be averted by practicing good sanitation and hygiene and have access to clean water.

Health officer Dr.Arundhati addressing the importance of safe and hygiene drinking water

Employees participated in awareness programme on safe drinking water
