

Coal India Limited

**Brief of AKAM Activities being carried out in CIL and Subsidiaries**  
**Week 85th (17.10.2022-23.10.2022).**

**Activity 85.1**

- a) **Name of the Event:** Organising Women Handloom Weaved Cloth Stall at Diwali Mela in Ranchi by CSR beneficiaries @BCCL
- b) **Event Type:** External
- c) **Event Mode:** Offline
- d) **Theme:** Resolve@75
- e) **Event Photographs:**

f)

g) **Event Date:** 20.10.2022

h) **Event Description:**

BCCL has provided training to women of peripheral Areas of Dhanbad in handloom training. On the occasion of Dipawali Mela organised at Ranchi, BCCL had provided an opportunity to the women of Swavlambee Swarozgar Yojna by funding for a stall. The event was a grand success for the women. They could benefit from the marketing opportunities provided by BCCL. Hon'ble Chief Minister of Jharkhand along with his team visited the stall.

The stall witnessed excellent footfall and the women beneficiaries promoted hand weaved handloom products. Such products when sold on national platform can boost the local economy to a great extent. This sector contributes nearly 19% of the total cloth produced in the country and also adds substantially to export earnings. Handloom is getting popularity not only in India but abroad as well.

### **Activity 85.2**

a) **Name of the Event:** Single Use Plastic" (SUP) for Specially-abled Children@CMPDIL

b) **Event Type:** External

c) **Event Mode:** Offline

d) **Theme:** Resolve@75

e) **Event Photographs:**

f) **Event Date:** 18.10.2022

g) **Event Description:** Regional Institute-II, Dhanbad organized Speech Competition on the topic "Single Use Plastic" (SUP) for Specially-abled Children of Jeevan Jyoti Special School, Dhanbad to create awareness regarding harmful effects of plastics and also to curb the usage of SUP @AmritMahotsav. The benefits of speech and debate classes are plentiful, including improved confidence, written and oral communication skills, and critical thinking skills. These traits and skills will prove useful for both their formal education and their future careers. These interactions benefit students as learners, as they can observe how others approach similar tasks, share ideas, and use their words and actions to motivate and inspire. Healthy competition inspires kids to do their best – not just good enough. When students compete they will become more inquisitive, research independently, and learn to work with others. They will strive to do more than is required. These abilities prepare children for future situations of all kinds.

### Activity 85.3

- a) **Name of the Event:**Poster drawing competition as a part of Vigilance Awareness@ECL
- b) **Event Type:** External
- c) **Event Mode:** Offline
- d) **Theme:** Resolve@75

On 21st October, 2022 a Free Cancer Screening & Detection Camp was held at Tirwanja(Mokasa) in Chandrapur District. A team of experts from RST Cancer Hospital examined the people and conducted various Diagnostic tests for screening of oral cancer, Breast, and Cervical Cancer. The team of doctors also sensitised people regarding Various types of Cancer and for screening of Oral, Breast and Cervical Cancer. A total of 104 people availed of the free cancer diagnostic services at the camp. A Mobile cancer detection bus consisting of an inbuilt pathology laboratory with auto-analyser and equipment for microbiological examination was used for this camp. The van also has a cabin for colonoscopy and breast scanning and a third cabin for diagnosis of oral cancer.

### **Activity 85.7**

**a) Name of the Activity :**Distribution of disengaged computers for gainful utilisation to charitable educational institutions.

**b) Event Type :**External

**c) Event Mode :**Offline

**d) Event Date :**20.10.2022

**e) Theme :**Ideas@75

**f) Event Photographs :**

**g) Event Description:**

Under special campaign 2.0 launched under Swachh Bharat Mission under the ambit of Azadi ka Amrit Mahotsav it has been decided that the disengaged computers from the office of Coal India Limited will be donated to charitable organisations working on education sector so that instead of earning money from e-disposal as the computers have served its technical age but are in working condition they can be gainfully utilised in educating girls and boys who are under privileged. One such organisation is Help Us Help Them who is recently setting up school for 1000 girls belonging from poor families. The organisation is also supported through CSR funding and 10 computers were donated to the organisation this week under AKAM and Special Campaign 2.0.

**Activity 85.8**

**a) Name of the activity :**Providing artificial limbs and appliances to Divyangjans.

**b) Event Type :**External

- c) **Event Mode** :Offline  
d) **Event Theme** :Resolve@75  
e) **Event Date** :21.10.2022  
f) **EventPhotographs** :

**g) Event Description:**

Under AKAM NCL has resolved that they would help in reducing the inequalities faced by the divyangjans by providing them artificial limbs and appliances. Prosthetic legs, or prostheses, can help people with leg amputations get around more easily. They mimic the function and, sometimes, even the appearance of a real leg. Some people still need a cane, walker or crutches to walk with a prosthetic leg, while others can walk freely. When an arm or other extremity is amputated or lost, a prosthetic device, or prosthesis, can play an important role in rehabilitation. For many people, an artificial limb can improve mobility and the ability to manage daily activities, as well as provide the means to stay independent. NCL in the context has signed MoU providing artificial limbs & appliances to Divyangs of Singrauli and Sonebhadra District for an amount of Rs. 2.83 Cr DDRC for Adoption of DDRC for providing artificial limbs & appliances.

**Activity 85.9**

- a) **Name of the Event:** Training to Differently Abled for Plastic Engineering and Technology
- b) **Event Type:** External
- c) **Event Mode:** Offline
- d) **Event Date :**20.10.2022
- e) **Event Theme :**Resolve@75
- f) **Event Photographs :**

**g) Brief Description of the Event:**

People with disabilities need skills to engage in livelihood activities. But they start with a number of disadvantages. Their families and communities may assume that they are unable to engage in such activities. They often lack access to basic education, making them unqualified to join skills training courses. These disadvantages frequently result in a lack of skills, as well as low confidence, expectations and achievement.

The role of CBR is to enable people with disabilities to access work opportunities, by actively promoting and facilitating the acquisition of relevant knowledge, skills and attitudes.

During 85th week a special event, 25 Divyaang candidates were handed over joining letters after successfully completing skill development training on 'Testing & Quality Control for Plastic Materials & Products Supervisor ' implemented by CIPET as a CSR initiative of MCL.

This is a very unique CSR initiative undertaken by any PSUs in the country where divyaang were given opportunity for sharpening their skills.
