f) **Event Date:** 17.11.2022-18.11.2022

g) **Event Description:** CMPDIL under its corporate social responsibility for FY 2022-23 is carrying out awareness campaigns on cleanliness in nearby Govt. schools as part of Swachhata Action Plan. The dustbin's essential purpose is that it helps to keep dirty and decaying waste separate from the rest of the clean surroundings. If you do not put the right waste into the right bin, it may destroy the whole recyclable material. Having a dustbin around the house is an excellent way of enriching the house's looks. 700 dustbins have been distributed to students of Govt. Upgraded High School, Pithoria and Govt. Upgraded High School, Urughuttu on 17th and 18th Nov 2022 respectively to inculcate the habit of cleanliness and waste management in students from a young age. The teachers and CSR team from CMPDIL HQ urged the students to maintain good health and hygiene by keeping themselves and their environment clean.

g) **Event Description:** World Diabetes Day was first observed in the year 1991 by the declaration of the International Diabetes Federation (IDF) and the World Health Organisation (WHO). November 14 was picked as World Diabetes Day because it was the birth anniversary of Frederick Banting, who, along with Charles Best, discovered insulin. Every November 14, World Diabetes Day is commemorated, which is an opportunity to raise awareness about the impact of diabetes on the health of people. ECL organized an awareness camp on “World Diabetes Day” at Kunustoria Area. HoDs and all staff were present in this said program. HoD of the said Area addressed the staff and nearby villagers about the benefit of such health camps. This year's theme, 'access to diabetes education', underpins the larger multi-year theme of 'access to care'. In the lead-up to and on 14 November, WHO will highlight not only the challenges, but more importantly the solutions, to scaling-up access to diabetes medicines and care.

g) Event Description:

Coal India Ltd, as part of its CSR initiative, has provided financial support to conduct cataract operation for 100 underprivileged patients of Sunderbans in West Bengal. CIL has also extended support for purchase of spectacles and transportation of patients to the operation centre.

The benefit of cataract surgery is the ability to see more clearly. However, cataract surgery also improves a patient's quality of life. Cataracts can prevent you from being able to do everyday tasks, including driving or reading.

Over time, cataracts become worse and start to interfere with vision. Important skills can be affected, such as driving, and loss of vision can affect the overall quality of life in many ways including reading, working, hobbies and sports. If left untreated, cataracts will eventually cause total blindness.
