Message

This booklet represents a significant initiative by the Statistics Division, providing a concise yet comprehensive overview of the Coal and Lignite sectors. Designed as an accessible reference, it aims to support policymakers and research professionals in formulating innovative, context-specific strategies to improve the efficiency and sustainability of these vital industries.

I extend my sincere appreciation to the dedicated team at the Statistics Division for their unwavering commitment and diligent efforts, which were essential to the successful completion of this publication. I also wish to acknowledge and appreciate the valuable contributions of all stakeholders; whose insights and support played a crucial role in the preparation of this report.

Resources & Exploration

A photograph of a long, blue corrugated metal railway bridge spanning a lush green forest. The bridge is supported by concrete pillars and curves gently through the trees. In the foreground, there are dense green trees with bright yellow flowers. The background shows a hazy landscape with distant hills and a tall utility pole.
