Subject:- Notification for Inviting applications (NIA) under Rule 4 of the auction by competitive bidding of Coal Mines Rules – regarding clarification.

Sir,

I am directed to refer to your letter No. RVUN/Dir(T)/F../D.26 dated 22-01-2013, seeking clarification on questionnaire on the above mentioned subject. As desired, point-wise reply is submitted as under:-

Sl. No.	Point	Reply
1.	Whether the applications, to be submitted, will be power projects wise or coal blocks wise?	The application is to be made separately for each block with relevant documents as required along with justification.
2.	There are 5/7 Power projects sanctioned in the State for which coal blocks would be required and one block may not be enough to meet coal requirement of all the power projects. In that case, we may require more than one coal block, as such, whether we may club coal requirement of all power projects for allocation of more than one coal block or we would be required to submit multiple applications for each power project for more than one coal block. In that case there will be number of applications equivalent to total number of power projects multiplied by total number of suitable coal blocks.	-as above-
3.	The last date of submitting applications alongwith documents is 30-1-2013. Whether this date is being extended or not?	The last date of submission of application has been extended upto 4.00 P.M. on 8-2-2013.
