Week 2 (15.03.2021-20.03.2021)

BCCL

Taking into account the recent emergence of COVID-19 cases, BCCL took the opportunity to elucidate the scientific method of hand washing to the school children of DAV Public School, Koyla Nagar, Dhanbad. The CSR team present in the school welcomed the school children present and informed them about “Bharat Ka Amrut Mahotsav”, lauding the efforts of Govt. of India to provide platform to showcase various events that led to the achievement of Indian independence. The CIL conceptualization of the theme “Go Green, Drink Clean” to celebrate the Mahotsav was also discussed.

The event was headed by the doctors of Koyla Nagar Hospital, Dr. Nikita and Dr. Premi Topno. Dr. Nikita communicated the importance of hand washing and demonstrated the activity to the students in a detailed manner. After the demonstration, a quick question-answer session was held where students put their concerns forward and were answered by the doctors present.

WCL Lecture Series-I

A Virtual Workshop on
Relevance of Diverse Methods of Freedom Struggle in Contemporary India

23rd to 25th March, 2021

11:00AM to 12:00 Noon

We are familiar with the diverse methods of India's path to freedom

- Moderate Methods of Dadabhai Naroji, Pheroze Shah Mehta, Madan Mohan Malaviya & Others
- Revolutionary Methods of Bhagat Singh, V.D.Savarkar, Bal Gangadhar Tilak, & Others
- Civil Disobedience Methods of Mahatma Gandhi, Vallabhai Patel, Jawaharlal Nehru & Others

Their stories continue to inspire us everyday. But, did these methods just randomly come up or did they evolve based on the needs of the time? How relevant are these methods in Modern India? Can they provide solutions to the challenges being faced the country and the world?
