(c & d). Yes sir. The special arrangements that have been made by using the latest methodology/technology to safeguard the employees of coal mines are as under:

(i). Preparation and implementation of risk assessment based Safety Management Plans (SMPs).

(ii). Preparation and implementation of Principal Hazards Management Plans (PHMPs) along with Trigger Action Response Plan (TARP).

(iii). Formulation and compliance of Site-specific Risk Assessment based Standard Operating Procedures (SOPs).

(iv). Conducting safety audit of mines.

(v). Online Centralized Safety Monitoring System has been developed for monitoring different safety parameters.
