**Subject: Clarification on the procedure for approval of GR prepared by CMPDIL-reg.**

The undersigned is directed to clarify that as per OM dated 21st November 2024 of CCT section, MoC (Copy attached), Geological Reports of auctioned/allotted coal blocks under Mining Lease (ML) or Prospecting Licence-cum-Mining Lease (PL-cum-ML) basis, are required to be approved through the GR Approval Committee of the Ministry of Coal, including the Geological Reports prepared by CMPDIL or any other notified agency under the Ministry of Mines.

2. However, GRs prepared by CMPDIL and provided by Nominated Authority/MoC during auction/allotment process, as part of the tender/bid documents, will not be required approval of GR approval committee of MoC.

This issues with the approval of the Competent Authority.

Encl: as above.
